

Columbia City: Facing the Future Together

Everywhere you look, there's evidence that our Columbia City business district is going to make it. Take a look: storefronts are inviting, the sidewalks are tidy, the lights are bright, and businesses are finding inventive ways to keep serving their customers.

4. Columbia City Art Gallery and Ornament Tree
5. Karla offers it all at Andaluz
6. Gifts and garland at Wink Eye Wear
7. Line for Bob's Meats - Socially distanced all the way to 37th
8. Geraldine's classic Holiday Window
9. Contact-free Menu window at Lotties

As we enter 2021, your CCBA will continue providing a framework for mutual business support, and will remain dedicated to realizing our vision....

Columbia City will always value its indigenous history and the friendly small-town atmosphere of its turn-of-the-century roots. We will adapt to change while remaining a place where a diverse residential population converges to meet neighbors, accomplish a full range of daily activities, and support independent locally-owned businesses. We will continue to focus on being a family-friendly dining, shopping, services, and arts & entertainment district. Our safe, welcoming and walkable community will attract both residents and visitors. We will continue to be an inclusive district that welcomes people of all races, sexual orientations, religions, countries of origin, economic status, and physical and mental abilities. We will have ample commercial spaces right-sized for small business success, along with adequate parking and easy links to efficient transit.

Thanks to our neighbors for shopping local, to the Rainier Avenue Business Coalition (Rainier ABC) for providing business support information, and to the Columbia City BIA for keeping our streets, sidewalks and alleys clean and safe.

See you in the New Year!
